INTRODUCTION

All statistical data provided come from an annual survey conducted by the Association of Faculties of Medicine of Canada (AFMC). Individual faculty information is provided by each faculty of medicine as of July, 2015 and, therefore, is subject to change.

This document provides information that covers several academic years. When comparing data from year-to-year it should be understood that there is some yearly variability in the context affecting the data. Examples of such context variability include changes to the number of available places, admission requirements, and selection policies for some of the faculties of medicine.

General Information

There are seventeen faculties of medicine in Canada that offer programs of study leading to the award of the MD degree which is the first professional degree in medicine. The faculties of medicine are listed in a geographic sequence going from east to west which implies no rank ordering whatsoever.

The number of places available is determined by provincial governments based on educational and financial resources as well as Canada's future physician workforce requirement. Since the universities are under provincial jurisdiction, the majority of places in a faculty of medicine are allocated to permanent residents of the province in which the university is located.

An applicant must decide to which faculty or faculties of medicine application will be made. Obviously, the geographic location of a faculty of medicine is of critical importance to a prospective applicant. For those applicants who are free to move to any location where a place may be offered, chances of success in gaining admission may be considerably enhanced. Those who apply to only one faculty of medicine have the smallest chance of being offered admission. As the number of applications increases, so does the chance of being offered a place at a faculty of medicine.

The competition to enter a faculty of medicine is very keen so it is important that applicants ensure that they fully meet the entry requirements of each faculty of medicine to which they apply. The applicant's type of pre-medical undergraduate degree and institution of study should not deter filing an application, provided that all academic prerequisites are met. Not only should applicants plan to meet all academic prerequisites, it is also important to respect all deadline dates. In general, an application or documentation is ignored when received after deadline dates.

Those who wish to maximize their chances of gaining admission to a Canadian faculty of medicine should consider the following:

- Since residence is considered in admissions, include the faculty of medicine located in your home province amongst those to which applications are submitted.
- If you are resident in a province with more than one faculty of medicine (Québec, Ontario or Alberta), try to apply to more than one faculty of medicine in the province. Remember that some faculties of medicine have far more places to allocate than others.
- Some applicants are definite about a particular faculty of medicine and make only one application. In a situation of keen competition, the determination to enter a particular faculty of medicine may be tantamount to excluding oneself from the study of medicine altogether.

Ontario Medical School Application Service (OMSAS)

The six Ontario faculties of medicine use OMSAS which is a centralized application processing service, thus applicants submit only one set of application materials and academic documents regardless of the number of faculties to which they are applying. Each faculty of medicine independently makes the selection decision.

The OMSAS web-site provides an on-line application service mid-July, 2015 as well as additional information related to each faculty's admission requirements. The web-site is a comprehensive one where applicants can obtain information on the application process and can view details concerning their application. The OMSAS levy is composed of a base fee and an additional fee for each Ontario faculty of medicine to which application is made.

The application service fee is \$220 plus an institutional fee for each faculty applied to. The institutional fees will later be forwarded to the relevant faculties.

<u>University</u>	<u>Institutional Fee (in Canadian Funds)</u>
McMaster	\$125
Northern	\$ 85
Ottawa	\$100
Queen's	\$100
Toronto	\$110
Western	\$100

OMSAS Important Dates

September 15, 2015 (4:30 pm ET) Deadline to register for/create an account for the OMSAS online application.

October 1, 2015 (4:30 pm ET) Last day to submit applications. **There are no exceptions.** OMSAS must receive all transcripts and academic documents. **This is a strict deadline.**

Payments made by online banking and Western Union business Solutions – GlobalPay for Students (bank-to-bank transfer for international payments only) must be received.

November 1, 2015 MCAT scores must be released to OMSAS.

May 10, 2016 First date for offers of admission.

June 30, 2016 OMSAS must receive your final transcripts.

Medical College Admission Test (MCAT)

The Medical College Admission Test (MCAT) is a computer-based standardized examination for prospective medical students in the United States, Australia and Canada. It is designed to assess problem solving, critical thinking, written analysis and knowledge of scientific concepts and principles. The test is not required by all faculties of medicine and the extent to which test results are used in admission decisions varies by faculty of medicine (please see individual school websites for details).

A new MCAT took effect on April 17, 2015, and now affects those who are applying to medical school in 2016 and later. Please visit the [Preparing for the MCAT Exam](#) website for more information.

The new MCAT exam has four test sections:

- Biological and Biochemical Foundations of Living Systems
- Chemical and Physical Foundations of Biological Systems
- Psychological, Social, and Biological Foundations of Behavior
- Critical Analysis and Reasoning Skills

Each of the four sections will receive a scaled score from a low of 118 to a high of 132, with a midpoint of 125 (similar the old scale the new scale also has 15 integers but numbered from 118 to 132). These 4 new MCAT scaled scores will be combined to create a total score that will range from 472 to 528, with a midpoint of 500. This total score is used by medical school admission committees to evaluate the MCAT component of the admissions process.

There are MCAT testing centers, both on and off campus, from coast to coast in the US and Canada. Additionally, there are numerous MCAT international testing locations which use a different testing schedule depending on location. Additional information can be found on the [AAMC MCAT International Testing Dates](#) website. The overall length of the new MCAT exam is approximately seven hours. The MCAT2015 registration fee is \$300 if made at least three weeks before the exam.

Repeat Applicants

An applicant who does not receive an offer of admission must decide whether to re-apply for admission in a subsequent year. Rejected candidates should try to reach an objective assessment of why they did not receive an offer. Unsuccessful applicants should realize that the reason for rejection may not be the lack of ability or qualities but the sheer rationing of places that is necessary when the number of qualified candidates greatly exceeds the number of available places. Well qualified candidates have grounds for re-applying for admission to a faculty of medicine and in recent years, repeat applicants have fared relatively well.

Applying to Study Medicine Outside Canada

If for any reason an applicant decides to seek admission to a medical faculty outside Canada, some important factors must be borne in mind. The most important of these is that returning to practise medicine in Canada may prove difficult. This is not meant to deter individuals from seeking education in foreign universities – some Canadian citizens have always gone abroad to study in recognized, reputable universities. Limitations on recognition of foreign earned MDs apply to qualifications earned abroad by citizens as well as by non-citizens of Canada. Strong motivation, determination and adequate academic preparation are in themselves no guarantee that a Canadian citizen who attends a foreign medical faculty will be able to train or practise medicine in Canada in the future.

Foreign Applicants

Not all faculties of medicine accept applications from foreign students. Conversely, some faculties of medicine have contracts with foreign governments or institutions to accept applications for “supernumerary” positions. The conditions of admission may require that the faculty of medicine will be compensated for the entire cost of medical education, the student will not apply for post-MD (residency) training in Canada and these graduates will return to their countries of origin to practise medicine. Information about contract positions is available from the foreign educational institutions or governments that have negotiated such contracts.

Foreign students planning to study medicine in Canada are personally responsible for obtaining the necessary student authorization and student visa to enter Canada for the purpose of study. All matters related to entering Canada must be taken up at the Canadian embassy, High Commission or consulate nearest to the foreign applicant.

Faculty of Medicine, MEMORIAL UNIVERSITY OF NEWFOUNDLAND
Length Of Program: 4 years**Language Of Instruction:** English**Testing of Language Proficiency:** No**Computer:** Personal not required

2015/16 **New Admissions Into Year One:** 80

2015/16 First-Year Tuition:	Canadian Residents:	\$6,250	Québec Residents:	\$0
	Visa Students:	\$30,000	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$1,220	Foreign Students:	\$0
Tuition Details:			<i>(Above Quota Contract)</i>	

Selection Factors:

The number of year one positions available for 2014/15 was 80 which included 3 positions available to Aboriginal students who are residents of Newfoundland and Labrador. The 80 positions included 60 residents of Newfoundland and Labrador, 10 residents of New Brunswick, 4 residents of Prince Edward Island, and 1 resident of the Yukon; the rest of the seats are for the rest of the provinces in Canada and Non/Canadian. The number of year one positions available for 2015/16 will be 80 as well.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:

A Bachelor's degree and six credit hours in English are required at the time of admission. In exceptional circumstances an application may be considered when a Bachelor's degree will not be held at time of admission. Such an applicant will have completed at least 60 credit hours including the prerequisite subject of 6 credit hours in English at a recognized university or university college before admission and have work related or other experience acceptable to the Admissions Committee.

The mean grade point average of successful applicants in 2014/15 was 3.85 on a 4.0 scale.

The MCAT is required and it is recommended that the test be written within the five year period prior to application.

Special Consideration: N/A

Deferred Admissions: Considered

Transfers: Not usually considered but may be in rare circumstances from a Canadian medical faculty.

Combined Programs: MD/PhD Students have to be admitted to the first year medical program and then may be considered.

Interviews: Traditional and Multiple Mini Interviews (TaMMI) offered. These take place in November 14, 2015 for the August 2016 entering class. For the 2015 entering class, there were 134 Newfoundland/Labrador residents interviewed and 122 other residents of Canada interviewed for a total of 256 applicants interviewed.

Offers of Admission: Offers are emailed and followed by Priority Mail, between February and May, 2016. A \$200 acceptance deposit is required and will be credited towards the tuition fee. The deposit will be forfeited if the applicant subsequently declines the offer.

Application Details: An electronic application process is available in July 2015. The deadline for receipt of the application and fee of \$75 to Memorial University of Newfoundland, as well as an application service fee of \$151.50 (plus applicable taxes) to CaRMS at the time of application is September 15, 2015.

Faculty of Medicine, DALHOUSIE UNIVERSITY
Length Of Program: 4 years

Language Of Instruction: English

Testing of Language Proficiency: No

Computer: Personal not required

2015/16 **New Admissions Into Year One:** 109

2015/16 First-Year Tuition:	Canadian Residents:	\$18,300	Québec Residents:	\$18,300
	Visa Students:	\$27,002	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$1,141	Foreign Students:	\$75,000
			<i>(Above Quota Contract)</i>	

Tuition Details:

Visa students (International / US students) pay a differential fee of \$4,351.00/term (2 terms) on top of the regular tuition fees.

Selection Factors:

The number of year one positions available for 2016/17 is 109 (99 for Maritime residents (Nova Scotia, New Brunswick and Prince Edward Island) and 9 for non-Maritime residents); 69 seats in the Maritime pool will be assigned to the Halifax campus and 30 seats to the St. John campus; all permanent residents of New Brunswick will attend the St. John campus and the government of New Brunswick is responsible for defining residency status. One additional position is available for a dental student who after completing the MD program plans to specialize in oral maxillofacial surgery. In 2015/16 there were 99 positions filled by residents of the Maritime Provinces.

Canadian citizens/permanent residents or visa student.

Academic Criteria:

A Bachelor's degree is required at time of admission.

The minimum acceptable grade point average is 3.3 for Maritime residents and 3.7 for non-Maritime residents on a scale of 4.0. The mean grade point average of successful applicants in 2014/15 was 3.8.

The MCAT is required and the test must have been taken within the last five years.

There are no prerequisite courses.

Special Consideration:	Applies on an individual basis to applicants with extenuating circumstances when the need arises.
-------------------------------	---

Deferred Admissions: Considered (only for extenuating circumstances)

Transfers: Not considered

Combined Programs: Not available

Interviews: Interviews will take place at both the Halifax and Saint John campuses. Interviews are held on November 21 and 22, 2015 as advertised in the early summer on the Admissions Webpage. All Maritime residents who meet the minimum academic requirements (GPA, course load & MCAT) will be offered an interview. For the September, 2015 entering class there were 343 Maritime residents, 57 non-Maritime residents, and 8 supernumerary/contract applicants were interviewed for a total of 409 applicants interviewed.

Offers of Admission: All decision letters to interviewed applicants will be tentatively released in mid-March 2016 as noted and updated on the Admissions Webpage. A \$500.00 non-refundable acceptance deposit is required. This deposit is applied to tuition upon enrolment.

Application Details: An electronic application process is available on July 1, 2015. The application is a two-step process. Step 1- due August 15th is the online application section and must be submitted before you can get access to Step 2. Official transcripts must be RECEIVED by our office on or before August 15th, 2015. Step 2 – due Sept 1st, is the supplemental and essay forms. The deadline for receipt of the application fee of \$70 is September 1st, 2015.

Faculty of Medicine, LAVAL UNIVERSITY

Length Of Program: According to the path chosen:
between 4 and 5 years

Language Of Instruction: French

Testing of Language Proficiency: Yes

Computer: Personal not required

2015/16 **New Admissions Into Year One:** 228 *This number could increase because of drop-outs in previous years.*

2015/16 First-Year Tuition:	Canadian Residents:	\$11,049	Québec Residents:	\$3,659
	Visa Students:	\$30,282	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$923	Foreign Students:	\$30,282
			<i>(Above Quota Contract)</i>	

Tuition Details:

\$76.45 per credit

Selection Factors:

The number of year one positions available for 2016 will be 228. Among these positions, 218 are for the regular pool of Québec applicants (60% expected for college students and 40% for university students, which includes up to 8 positions filled with applicants to the PhD program and up to 8 positions filled with university applicants from the labour market). There is a possibility of 2 to 3 more positions for applicants who graduated from a medical school outside Canada or the United States (IMG) and who wish to start a Clerkship; 3 more positions as per the intergovernmental agreement with New-Brunswick, 1 position available for an applicant of foreign nationality who holds a study permit, 1 potential position for an applicant from another province or territory, 4 potential positions for applicants who are First Nations people or Inuit people (the quota to be allocated between the 4 Québec faculties of medicine) and 2 potential positions (to be allocated between the 3 Francophone faculties of medicine in Québec) in the Medical Military Training Program (MMTP) and a possibility of 2 positions for applicants who wish to pursue their postgraduate studies in the field of oral and maxillofacial surgery.

Academic Criteria:

College diploma or degree (Diplôme d'études collégiales or DÉC) or pre-university diploma equivalent to the 13 years of the Québec school system (or pre-university diploma or degree which corresponds to 12 years of study and one year of advanced studies) and academic training deemed satisfactory in sciences (mathematics, physics, chemistry, biology) is required. The prerequisite courses at college level or equivalent are: 2 courses in biology (NYA and 401), 3 courses in chemistry (NYA, NYB and 202), 2 courses in mathematics (NYA and NYB) and 3 courses in physics (NYA, NYB and NYC). The MCAT is not required.

1. Any applicant from the pool of Québec university students who achieved at least 75 university credits in a single training program at the time the application for admission is submitted will be considered eligible.

2. The applicant from the pool of Québec university students, for whom the last university attended is Laval University (in relation to the last university credits taken into account for the submission of the application for admission) must have achieved at least 45 university credits contributing to the performance rating, at Laval University, at the time the application was made, in order to be considered eligible.

Selection process: The first step of the selection process, the one that will determine which applicants will be summoned for the Multiple Mini-Interviews (MMI), is the analysis of the academic record (rating R*). The

Multiple Mini-Interviews represent the second step of the process. The final selection is based upon the results obtained in the two steps of the selection process, in the following proportion:

- Academic record: 50%
- MMI: 50%

*The performance rating for the last applicant summoned for a MMI in 2015 was 33.15 for college students and 32.5 for university students.

Special Consideration: Applies to applicants holding a diploma from a faculty of medicine outside Canada or the United States (IMG); to applicants from the pool of First Nations and Inuit students, to the applicants from the pool of the MMTP program students, to applicants to the PhD program, to academic applicants from the work force and to applicants from the pool of New Brunswick students and to applicants from the pool of oral and maxillofacial surgery students.

Deferred Admissions: Not authorized

Transfers: Not authorized

Combined Programs: None at admission

Interviews: Multiple Mini-Interviews (MMI) will take place on a Saturday and a Sunday in April 2016. The applicants must show up in person at the date and in the place to which they will have been summoned without opportunity for change. The fees for the interview are currently \$125. For the September 2015 entering class, approximately 1040 applicants took part in the MMI.

Offers of Admission: Offers will be sent via email around mid-May 2016. No monetary deposit will be required to secure the position.

Application Details: Online and paper-based applications are now available on the website ulaval.ca. The deadline for receipt of the applications is January 15, 2016 for university students and March 1st, 2016 for college students. Processing fees are \$78.50.

¹ The province of Québec has restrictions on both the numbers of positions allocated for other residents in Canada and residents outside Canada. The distribution is apportioned by the four faculties of medicine during each admissions cycle.

N/A = Data not available

Faculty of Medicine and Health Sciences, UNIVERSITY OF SHERBROOKE
Length Of Program: 4 Years**Language Of Instruction:** French**Testing of Language Proficiency:** Yes**Computer:** iPads provided

2015/16 **New Admissions Into Year One:** 207 *This number could increase because of drop-outs in previous years.*

2015/16 First-Year Tuition:	Canadian Residents:	\$11,598	Québec Residents:	\$4,492
	Visa Students:	\$27,369	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$1,060	Foreign Students:	\$0
Tuition Details:			<i>(Above Quota Contract)</i>	

Selection Factors:

The number of year one positions for 2015/16 will be around 207. This number could differ according to government regulations as well as replacements to compensate for attrition. These 207 positions will be roughly allocated as follows: 173 for residents of Québec, 28 for residents of Atlantic Canada, 1 for residents of Western Canada, 2 for foreign applicants holding a student visa, 3 IMG. There is an agreement between the 4 schools of Québec for positions intended for First Nations or Inuit people who are Québec residents or for members of the Canadian Forces.

The positions are determined by Canadian regulations and the 4 faculties agree on the way these positions are to be shared. The 207 positions are allocated between three sites roughly as follow: 151 to the Sherbrooke site, 32 to the Saguenay site and 24 to the Moncton site. At the beginning of May, applicants who apply as Québec residents must complete a form to choose a site by stating their preference between Saguenay and Sherbrooke. The assignment of these persons to one of those two sites depends among other things upon the number of available positions at each site at the time the offer is made, upon the applicant's preference mentioned on the site choice form and upon the rank of the applicants on the excellence list. The Saguenay site is reserved solely for Québec applicants. The Moncton site is reserved solely for New Brunswick applicants.

Canadian citizens/permanent residents or foreign applicants holding a student visa may apply.

Academic Criteria:

To have earned, before the start of the school year, a diploma or degree deemed equivalent to the College studies diploma (CÉGEP) given by the Québec Ministry of Education, Leisure and Sport; or have achieved at least 75 university credits at the date of the filing of the application.

The first step of the selection process is based on prior academic performance (college and university results).

Prerequisite courses (post-secondary level) to have successfully completed are: Mathematics 103 and 203; Physics 101, 201 and 301; Chemistry 101, 201 and 202; Biology 301 and 401 or Biology 911 and 921. Courses deemed equivalent by the faculty will be accepted.

The MCAT is not considered in our admission process.

Special Consideration: Special conditions apply to the applicants who belong to the following categories: IMG, First Nations or Inuit people, MMTP; and who are Canadian citizens/permanent residents and live in Québec.

Deferred Admissions: Not authorized

Transfers: Not authorized

Combined Programs: MD/MSc, MD/PhD

Interviews: Applicants selected on the basis of their academic results are invited to the Multiple Mini-Interviews (MMI) prepared in collaboration with the faculties of medicine of Laval University and of Montréal. The eligible applicants from Atlantic Canada will attend their MMI interviews in Moncton. An interview fee of \$125.00 is applied.

Offers of Admission: In 2016, the first offers of admission will be sent starting mid-May and will continue until the end of August. Mandatory registration fees of \$300 must be paid to accept an offer and reserve a position. That amount is not refundable but can be transferred to another program offered by the University of Sherbrooke.

Application Details: Admission requests, either electronic or paper, are available all year round. The deadline for receipt of application is January 15, 2016 for all applicants, except for Québec college applicants without any university credits. These persons have until March 1st, 2016. The fee for the creation of record is \$81.

Success Rate: Percentage of applicants who received at least one offer of admission whether subsequently registered, declined or deferred.

¹ The province of Québec has restrictions on both the numbers of positions allocated for other residents in Canada and residents outside Canada. The distribution is apportioned by the four faculties of medicine during each admissions cycle.

Faculty of Medicine, UNIVERSITY OF MONTRÉAL
Length Of Program: 5 years (including preparatory year) 4 years (MD Program only)

Language Of Instruction: French

Testing of Language Proficiency: Yes, if CEGEP was attended in English

Computer: Personal not required

2015/16 **New Admissions Into Year One:** 300 *(218 - 5 years; 82 - 4 years, first year) This number could increase or decrease because of drop-outs in previous years.*

2015/16 First-Year Tuition:	Canadian Residents:	\$9,727	Québec Residents:	\$3,334
	Visa Students:	\$25,120		<i>(Québec Schools Only)</i>
	Compulsory Fees:	\$1,205	Foreign Students:	\$0
Tuition Details:				<i>(Above Quota Contract)</i>

Selection Factors:

The number of positions available for 2015/16 was 303 which included 294 positions filled by Québec residents, 3 filled by Québec applicants who obtained their medical degree from an institution outside Canada and the United States (IMG), 3 filled by New Brunswick residents following an agreement with that province, 2 filled by visa students and 0 filled by French-speaking applicants from outside Québec without an intergovernmental agreement. Up to 5 additional positions are made available to applicants who are Québec residents and First Nations or Inuit people (the maximum contingent to be allocated between Québec faculties of medicine) and one additional position was offered to the Canadian Forces.

The 300 positions in year one and preparatory year are allocated to two campuses: at the University of Montreal - 178 in preparatory year and 80 in the MD program; at the Center for medical studies in Mauricie (Centre d'études médicales en Mauricie) in Trois-Rivières - 40 in preparatory year and 2 in the MD program. As long as positions are available, the applicant can choose between the Montréal campus or the Mauricie campus.

All applicants present an admission request for the preparatory year for the MD program. Depending on the academic profile of the applicant, the Admission Committee decides if the applicant is considered for the preparatory year or the first year of medical studies.

Depending on the number of positions, about three quarters of the selected applicants are admitted in preparatory year and the other quarter joins the contingent of last year's preparatory year to form the first year.

Canadian citizens/permanent residents or visa students may apply.

About 45% of the selected applicants hold a Bachelor's degree and are considered in a particular category. Applicants holding a PhD in relation to biomedical sciences are also in a particular category. The same is true for international applicants.

Academic Criteria:

Preparatory year: Applicants must either have completed two full years in a Collège d'enseignement général et professionnel (CÉGEP) in sciences, arts and literature or in natural sciences, having successfully completed 00XU (biology) and 00XV (chemistry). Alternately, applicants may have obtained a different college diploma or degree, with successful completion, before entering the program, of the following prerequisites: Biology 301 and 401 or two courses of human biology; Chemistry 101, 201 and 202; Mathematics 103 and 203; Physics 101, 201 and 301. Or such applicants must hold a post-secondary studies diploma equivalent to a Diploma of College Studies (Diplôme d'études collégiales or DÉC) or a Bachelor's degree as issued in Québec and have succeeded in the above-mentioned prerequisites or equivalent courses in each of the four subjects. The preparatory year is required for college students, international students and university students who have completed a first university degree but the study program is considered globally to be less than equivalent to the preparatory year.

Four years: The applicant must hold a Bachelor's degree obtained in Québec in a study program considered equivalent to the preparatory year. Alternatively, another equivalent degree is required at the time of admission for applicants of the university category.

A performance rating is calculated for all applicants. According to the actual criteria, a first selection is made, by category, based on the excellence of the academic record demonstrated by taking the performance rating into account. The last college student interviewed had a performance rating of 33.150 and the last university student interviewed had one of 33.681.

The MCAT is not required.

Special Consideration: Applies to applicants holding a degree from a faculty of medicine outside Canada and the United States (IMG) who are Canadian citizens or permanent residents and who are Québec residents.</div>

Deferred Admissions: Not considered

Transfers: Not considered

Combined Programs: None

Interviews: Multiple Mini-Interviews (MMI) will take place on a Saturday and a Sunday in April 2016. The applicants must show up in person at the date and in the place to which they will have been summoned without opportunity for change. Currently, the fee for the interview is \$125.

Offers of Admission: Offers will be mailed around the 15th of May 2016 for all applicants. A mandatory acceptance deposit of \$300 is required; it will be subsequently deducted from the tuition fee.

Application Details: The electronic version will exceptionally be available on November 1st, 2015. The application deadline is January 15, 2016 for university students and March 1st, 2016 for college students. The charge for opening an electronic applicant file is \$92.

Faculty of Medicine, MCGILL UNIVERSITY - MED-P Program
Length Of Program: 1 preparatory year followed by 4 years MD-CM

Language Of Instruction: English

Testing of Language Proficiency: No

Computer: Personal required

2015/16 **New Admissions Into Year One:** 75 *New Admissions into MED-P*

2015/16 First-Year Tuition:	Canadian Residents:	\$0	Québec Residents:	\$2,294
	Visa Students:	\$0	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$1,747	Foreign Students:	\$0
			<i>(Above Quota Contract)</i>	

Tuition Details:

MED-P Tuition: The preparatory year program fees (\$2,293.50 tuition, \$1,747.21 other compulsory fees) are those of the Faculty of Science in which the student is registered for this year. Upon successful completion of the preparatory year, the student will be admitted to the MD-CM program in the Faculty of Medicine.

Selection Factors:

The anticipated number of positions available for 2015 is 75.

Canadian citizens/permanent residents who are residents of Québec currently enrolled in their final year at a Québec Collège d'enseignement général et professionnel (CÉGEP) science program may apply.

Academic Criteria:

A CÉGEP Diplôme d'études collégiales is required at time of admission.

The suggested cote de rendement collégiale (CRC) is 34.0 and the average of applicants invited for interview in 2015 was 35.11.

The MCAT is not required.

Prerequisite courses from the CÉGEP program in Health Sciences include biology, chemistry, mathematics, physics and one organic chemistry course.

Special Consideration: May be given to applicants with extenuating circumstances upon formal request.

Deferred Admissions: N/A

Transfers: N/A

Combined Programs: N/A

Interviews: Mandatory on site Multiple Mini-Interviews (MMI) will be taking place in April 2016. In 2015, 249 applicants were interviewed. Interviews can be in English or French based on the applicant's choice at time of application.

Offers of Admission: Offers are sent via e-mail and posted on the electronic application system in mid-May, 2016. A \$400 non-refundable deposit is required and is applicable towards tuition.

Application Details: An electronic application is available starting September 1, 2015 with a fee of \$144.37 payable upon completion. The deadline for receipt of the application, including supporting documents, is March 1, 2016

2015/16 **New Admissions Into Year One:** 184 *At time of admission, first year quota positions may increase due to attrition.*

2015/16 First-Year Tuition:	Canadian Residents:	\$14,764	Québec Residents:	\$4,816
	Visa Students:	\$36,844	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$2,118	Foreign Students:	\$0
			<i>(Above Quota Contract)</i>	

Tuition Details:

Canadian Residents:

First Year (14764.05 + 2118.38=16882.43);
 Second Year (11248.80+2025.18=13273.98);
 Third Year (11951.85+2027.82=13979.67);
 Fourth Year (6678.98+1723.51=8402.49)

Québec Residents:

First Year (4816.35+2118.38=6934.73);
 Second Year (3669.60+2025.18=5694.78);
 Third Year (3898.95+2027.82=5926.78);
 Fourth Year (2178.83+1723.51=3902.34)

Foreign Students:

First Year (36843.66+2904.38=39748.04);
 Second Year (28071.36+2811.18=30882.54),
 Third Year (29825.82+2813.82=32639.64);
 Fourth Year (16667.37+2509.51=19176.88)

International students are subject to additional health insurance fees.

Selection Factors:

The anticipated number of first-year positions available in 2015/16 is 184 of which up to 3 positions are available for visa students, up to 10 positions are available for Canadian citizens/permanent residents residing outside Québec but in Canada and up to 2 positions are available for students admitted to the joint Medicine and Oral and Maxillofacial Surgery (MD-OMFS) program. The remaining 169 positions are available for residents of Québec and are distributed among university-level applicants (including up to 3 positions for non-traditional pathways students) and students who have successfully completed the MED-P year. An additional 4 positions (maximum quota distributed among the four Québec faculties of medicine) are available to eligible First Nations and Inuit applicants who are residents of Québec.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:

A 4 year Bachelor degree (120 credits) is required at time of admission.

Cumulative grade point averages (CGPA) of at least 3.5 on a 4.0 scale are considered to be within the competitive range. The average cumulative grade point average of all applicants in 2014/15 was approximately 3.68 and the average CGPA of applicants invited to interview was 3.83.

The MCAT is required for all applicants who hold undergraduate degrees from non-Canadian universities. Results must be available by the application deadline. Overall scores of 30 or greater are considered competitive. Test results older than five years before the application deadline will not be considered. The admissions office will also be accepting scores for the new 2015 exam.

Prerequisite courses include a full year with laboratory work in each of general biology, general chemistry and general physics; one semester with laboratory work in organic chemistry. Courses in physiology, biochemistry, cellular and molecular biology and statistics are recommended. Pass/fail grades are not acceptable and basic science courses completed more than 8 years ago must be repeated. Exception may be made for applicants with advanced degrees in the material concerned. Prerequisite courses in progress must be completed and grades submitted by January 15, 2016.

Special Consideration: May be given to applicants with extenuating circumstances upon formal request and First Nations/Inuit applicants who are residents of Québec.

Deferred Admissions: One-year deferral requests will be considered.

Transfers: Not considered

Combined Programs: MD-CM/MBA, MD-CM/PhD, MD-CM/OMFS

Interviews: Mandatory on-site Multiple Mini-Interviews (MMI) take place in winter 2016 for all applicants. For the 2014/15 year, there were 269 university-level Québec residents interviewed, 54 residents of Canada (outside Quebec) interviewed and 25 international residents interviewed for a total of 348 applicants interviewed for the MD-CM or joint programs.

Offers of Admission: Offers are sent via e-mail and posted on the electronic application system in early May 2016. A \$500 non-refundable deposit is required, applicable towards tuition.

Application Details: An electronic application process is available starting September 1, 2015 with a fee of \$144.37 payable upon completion. The deadline for receipt of the application is November 2, 2015 and all supporting documents must be received no later than November 2, 2015.

Faculty of Medicine, UNIVERSITY OF OTTAWA
Length Of Program: 4 years

Language Of Instruction: English and French

Testing of Language Proficiency: If needed

Computer: Personal required

2015/16 **New Admissions Into Year One:** 164 *Plus 8 above-quota positions available through the Consortium national de formation en santé.*

2015/16 First-Year Tuition:	Canadian Residents:	\$24,463	Québec Residents:	\$0
	Visa Students:	\$0	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$681	Foreign Students:	\$0
Tuition Details:			<i>(Above Quota Contract)</i>	

Selection Factors:

The projected number of year one positions available for 2015/16 is 164 which includes up to 7 positions available to Aboriginal/native students and up to 4 positions available to students in the MD/PhD program; plus 8 positions available through the Consortium national de formation en santé.

Canadian citizens/permanent residents may apply.

Academic Criteria:

Three years full-time university studies leading to a Bachelor's degree is required.

The minimum acceptable grade point average is 3.5 on a 4.0 scale. The weighted grade point average of successful applicants in 2014/15 was 3.94.

The MCAT is not required.

Prerequisite courses include the equivalent of one full year course in general biology (with laboratory) and one full year course in humanities/social sciences and the equivalent of two full year courses in the following chemistries - general chemistry (with laboratory), organic chemistry (with laboratory) and/or biochemistry (without laboratory).

Special Consideration:	Aboriginal applicants: Required minimum weighted grade point average is set at a lower cut-off for advancement in the selection process.
-------------------------------	--

Deferred Admissions: Considered under exceptional circumstances only

Transfers: Considered under special conditions

Combined Programs: MD/PhD

Interviews: These take place in February - March, 2016. Approximately 575 applicants are interviewed.

Offers of Admission: Offers are e-mailed starting on May 10, 2016 until the class is complete. A deposit of \$1,000 must be received with a final acceptance and will be deducted from the tuition fee.

School of Medicine, QUEEN'S UNIVERSITY
Length Of Program: 4 years**Language Of Instruction:** English**Testing of Language Proficiency:** No**Computer:** A laptop is required

2015/16 **New Admissions Into Year One:** 100

2015/16 First-Year Tuition:	Canadian Residents:	\$24,361	Québec Residents:	\$0
	Visa Students:	\$0	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$1,194	Foreign Students:	\$0
Tuition Details:			<i>(Above Quota Contract)</i>	

Selection Factors:

The number of year one positions available for 2015/16 is 100 which includes up to 4 positions available to Aboriginal students.

Academic Criteria:

Three years full-time university/college are required.

Applicants are assessed based on the cumulative converted grade point average (see the OMSAS Conversion Scale) of all years of undergraduate study, including summer and supplemental courses. For applicants who do not meet the minimum requirement, the most recent two full-time years of completed undergraduate study will be considered. The grade point averages fluctuate annually based on the applicant pool. Past minimum grade point average levels are not a predictor of future levels.

The MCAT is required and the test must have been taken within five years of the application submission.

Special Consideration: Applies to Aboriginal applicants.

Deferred Admissions: Considered

Transfers: Not considered

Combined Programs: May be considered on an individual basis

Interviews: These take place on March 5th, 6th and April 2nd and 3rd 2016

Offers of Admission: Offers are emailed May 10, 2016. A non-refundable acceptance deposit of \$1,050 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

N/A = Data not available

Faculty of Medicine, UNIVERSITY OF TORONTO
Length Of Program: 4 years**Language Of Instruction:** English**Testing of Language Proficiency:** No**Computer:** Personal not required2015/16 **New Admissions Into Year One:** 259

2015/16 First-Year Tuition:	Canadian Residents:	\$22,180	Québec Residents:	\$22,180
	Visa Students:	\$66,071	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$2,207	Foreign Students:	\$0
			<i>(Above Quota Contract)</i>	

Tuition Details:

Compulsory Fees: \$2,206.5 (Domestic) / \$2,890.50 (Visa)

Selection Factors:

The number of year one positions available for 2016/17 is 259 which includes up to 12 positions available to applicants to the MD/PhD program.

The 259 positions are allocated to two campuses: 205 at the St. George campus (in downtown Toronto) and 54 at the Mississauga campus (in Mississauga).

Students will be assigned to either the Mississauga campus or the St. George campus at the time of offer of admission. At the St. George campus, students will be assigned to one of three academy sites shortly after the admissions process is completed. The St. George campus includes the Fitzgerald, Peters-Boyd and Wightman-Berris Academies. All campus and academy assignments will be for the entire 4 years of study. All students will be able to participate in clinical learning opportunities across the Faculty of Medicine's affiliates. During the interview weekends, detailed information regarding the campus and academy structure and method of assignment will be provided. Interviewed applicants will be asked to complete a short survey indicating their preference for one academy over the other, or that they have no preference. Although we cannot guarantee placement at one's first choice of campus or academy, our process is designed to maximise student satisfaction.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:

A minimum of three years full-time university study is required.

The minimum acceptable grade point average is 3.6 on a 4.0 scale. The mean grade point average of successful applicants in 2015/16 was 3.95.

The MCAT is required and the test must have been written within five years of the application deadline. Only the most recent score is considered. The minimum acceptable scores are 9/9/9 for the old MCAT, and 125 in each of the four sections for MCAT 2015.

Prerequisite courses include two full courses in life sciences and one full course in social science or humanities or language.

Special Consideration:

Applicants from a graduate program may be assessed in a separate process. As part of the OMSAS application, they must submit an Academic Curriculum Vitae showing research productivity, as well as an additional reference letter from their supervisor evaluating their performance and stating the expected date of degree completion. The format for the Academic CV may be found on the Admissions Website. Graduate applicants may be considered with a lower than minimum required grade point average. Graduate applicants will only be considered if they have already completed or are in the final stages of completing their graduate program. Completion of all program requirements, including successful defence of a thesis if required, must occur prior to June 30th in the year of proposed entry.

Indigenous Student Application Program: Recognizing the commitment to social responsibility in the faculty's mission, this program has been implemented to increase the number of Indigenous (First Nations, Inuit and Métis) medical students. Applicants to this program must meet the same requirements for MCAT, grade point average and course prerequisites as all other applicants. The program does not have a designated quota for admission. Applicants submit materials as per the core MD admissions process with the following modifications to written material submissions and interview: 1) self-declared Aboriginal status via OMSAS, 2) Proof of Aboriginal ancestry (details of documentation may be found on the Admissions website), and 3) a personal essay describing history of community experiences. Members of the Indigenous community (faculty, students and public members) may take part in the admissions file review and admission interviews.

Deferred Admissions: Considered (not routinely)

Transfers: Not considered

Combined Programs: MD/PhD

Interviews: These take place on 3 weekends between February-April, 2016. For the September 2015 entering class there were 599 applicants interviewed.

Offers of Admission: Offers are mailed on May 10, 2016. An acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be applied to the tuition fee.

Application Details: See OMSAS section.

2015/16 **New Admissions Into Year One:** 203

2015/16	First-Year Tuition:	Canadian Residents:	\$26,056	Québec Residents:	\$26,056
		Visa Students:	\$95,000		<i>(Québec Schools Only)</i>
		Compulsory Fees:	\$946	Foreign Students:	\$95,000
					<i>(Above Quota Contract)</i>

Tuition Details:

Selection Factors:

The number of year one positions available for 2015/16 is 203: 147 positions at the Hamilton campus, 28 positions at the Waterloo Regional Campus (in Kitchener) and 28 positions at the Niagara Regional Campus (in St. Catharine's).

All applicants invited to the MMI (Multiple Mini Interview) will be asked to rank their site choice or indicate no preference. Offers of admission will be made from the master rank list irrespective of geographical preference. Subsequent to filling the positions, registrants will be offered a position based on their preference and geographical background. The offer of admission will be binding to a specific site.

Canadian citizens/permanent residents or visa students may apply.

Academic Criteria:

Three years (30 credits) of university is required.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2014/15 was 3.87 (offer of admission – incoming class statistics not yet available).

The MCAT is required – only the Verbal Reasoning score (a minimum score of 6 is required) or Critical Analysis and Reasoning score (a minimum score of 123 is required) is used in the selection process. The test must have been taken within five years of the application deadline. The most recent MCAT score is used in all cases.

There are no prerequisite courses.

Special Consideration:	Aboriginal applicants must self-identify and must meet minimum requirements. Applicants are reviewed by a separate committee.
-------------------------------	---

Deferred Admissions: Considered

Transfers: Not considered

Combined Programs: MD/PhD

Interviews: These will take place in March and April, 2016. For the September, 2015 entering class there were 496 Ontario residents interviewed, 52 other residents of Canada interviewed and 1 resident outside of Canada interviewed for a total of 549 applicants interviewed.

Offers of Admission: Offers are emailed on May 10, 2016. A non-refundable acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

N/A = Data not available

Schulich School of Medicine & Dentistry, WESTERN UNIVERSITY
Length Of Program: 4 years**Language Of Instruction:** English**Testing of Language Proficiency:** No**Computer:** Personal required

2015/16 **New Admissions Into Year One:** 171

2015/16 First-Year Tuition:	Canadian Residents:	\$23,927	Québec Residents:	\$0
	Visa Students:	\$0	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$1,283	Foreign Students:	\$0
Tuition Details:			<i>(Above Quota Contract)</i>	

Selection Factors:

The number of year one positions available for entry in 2016 is 171: 133 in London and 38 at the Windsor campus. Students are assigned to the campus of their preference based on their rank. Once the preferred campus is filled, students are assigned in rank order to the remaining seats. In 2015/16, the 171 positions include up to 3 positions available to Indigenous applicants, a maximum of 3 positions available to applicants to the MD/PhD program, and up to 1 position available to applicants to the oral maxillofacial surgery program.

Canadian citizens/permanent residents may apply.

Academic Criteria:

Have completed or be in the final year of a program leading to a 4-year undergraduate degree at a recognized university, and expect to have obtained your degree by the end of the academic year in which application is being made.

The minimum acceptable grade point average in each of two years of the undergraduate degree was 3.70 on a 4.0 scale for the 2015 entering class.

Currently the MCAT is required and the test must have been taken within five years prior to the application deadline. MCAT cut offs vary from year to year and are dependent on the competitiveness of the applicant pool.

There are no prerequisite courses.

Please note that the admission policy is reviewed annually and the admission requirements from previous years may not apply. The University reserves the right to review and change the admission requirements at any time, with out notice.

Special Consideration:	Applies to applicants who have indicated on their application that they are from designated communities in Southwestern Ontario and from Indigenous communities.
-------------------------------	--

Deferred Admissions: Considered only on the basis of appeal to applicants who have progressed through the regular admission cycle and have received an offer of admission. Individuals requesting deferred admission must submit a request in writing to the Admissions Office.

Transfers: Consideration is restricted to Canadian citizens or permanent residents of Canada currently enrolled in a Canadian faculty of medicine. Applicants considering transfer must contact the Admissions Office.

Combined Programs: MD/PhD (Western University only), Oral Maxillofacial Surgery (MD/MSc)

Interviews: These take place on March 5-6 and April 2-3, 2016. For the September 2015 entering class there were 430 applicants interviewed.

Offers of Admission: Offers are electronically mailed on May 10, 2016. A tuition deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

N/A = Data not available

Northern Ontario School of Medicine, LAURENTIAN UNIVERSITY / LAKEHEAD UNIVERSITY
Length Of Program: 4 years

Language Of Instruction: English

Testing of Language Proficiency: No

Computer: Students may lease laptops from the school if they choose

2015/16 **New Admissions Into Year One:** 64 36 to *Laurentian Campus*, 28 to *Lakehead Campus*

2015/16 First-Year Tuition:	Canadian Residents:	\$22,317	Québec Residents:	\$0
	Visa Students:	\$0	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$0	Foreign Students:	\$0
			<i>(Above Quota Contract)</i>	

Tuition Details:

\$22,317 - 1st year Tuition

 Compulsory Fees: Laurentian Campus 914.50 and Lakehead Campus 1034.22

Selection Factors:

The number of year one positions available for 2015/16 is 64 which includes a minimum of 2 designated positions available to Aboriginal students.

The 64 positions are allocated to two campuses: Lakehead University (28) and Laurentian University (36). Candidates who are invited for an interview will be asked to indicate their preferred campus. There is no guarantee that all students will be offered a seat at their preferred site.

Canadian citizens/permanent residents may apply.

Selection will favour those who are likely to thrive in the challenging northern and rural learning environments, including applicants from within Northern Ontario, rural and remote areas in the rest of Canada and Aboriginal and Francophone applicants.

Academic Criteria:

The minimum requirement is a 4 year undergraduate university degree or equivalent in any discipline from a recognized Canadian university or equivalent. No preference is given to a particular discipline over another.

The minimum acceptable grade point average is 3.0 on a 4.0 scale. The mean grade point average of successful applicants in 2014/15 was 3.83.

The MCAT is not required.

While there are no course requirements, the school values applicants who present evidence of a broad undergraduate education. Applicants with majors in science will be expected to have completed at least two full-course equivalents in arts, social sciences and/or humanities within their degree programs, while applicants pursuing majors in arts, social sciences and/or humanities will be expected to have completed at least two full-course equivalents in science within their degree program.

Special Consideration: Aboriginal applicants may apply through the Aboriginal Admissions Stream; however, all minimum requirements must be met.

Deferred Admissions: Not considered (except under extenuating circumstances)

Transfers: Not considered due to the distributed nature of the curriculum, all NOSM students must complete all four years of the program.

Combined Programs: Not available

Interviews: These take place in March and April, 2016. For the September, 2015 entering class there were 328 applicants interviewed.

Offers of Admission: Offers are mailed on May 10, 2016. A acceptance deposit of \$1,000 must be received in order to secure the position. The deposit will be deducted from the tuition fee.

Application Details: See OMSAS section.

2015/16 **New Admissions Into Year One:** 110

2015/16 First-Year Tuition:	Canadian Residents:	\$8,256	Québec Residents:	\$0
	Visa Students:	\$0	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$1,024	Foreign Students:	\$0
			<i>(Above Quota Contract)</i>	

Tuition Details:

Tuition fees for Year 1 medicine.

Fees for years 2, 3 and 4 were \$7,911.22.

Selection Factors:

The number of Year One positions available for 2016/17 is 110. Approximately ninety-five percent (95%) will be filled by residents of Manitoba.

Aboriginal applicants who self-identify are reviewed by a separate committee. These applicants must meet minimum eligibility requirements and submit documentation to support their declaration of Aboriginal ancestry.

All applicants will be evaluated in a variety of domains including a connection to, and involvement with, rural communities and advanced academic pursuits.

Applicants must be a Canadian citizen/permanent resident at the time of application.

Academic Criteria:

A Bachelor's degree of three (3) or four (4) years is required at time of admission.

The minimum acceptable adjusted grade point average is 3.3 on a 4.5 scale. In general, an adjusted grade point average of 4.0 or higher will be competitive.

The MCAT is required. Eligible applicants must have scored a minimum of seven (7) in each of the Verbal Reasoning (VR), Physical Sciences (PS) and Biological Sciences (BS) sub-tests with a minimum of M on the Writing Sample (WS), if applicable, in a single session. In general, applicants must achieve an operative MCAT score of over ten (10) to be competitive. Applicants who have written the MCAT 2015 will need to score in the 50th percentile or higher in each of the four test sections to be eligible.

Prerequisite courses include a minimum of six (6) credit hours of university level biochemistry. Applicants must also complete courses in humanities/social sciences. Applicants who complete a BSc (General) or BA (General) must complete eighteen (18) credit hours in humanities/social sciences. Applicants who complete a four (4) year Major or Honours program may waive up to twelve (12) credit hours of humanities/social sciences.

Special Consideration: N/A

Deferred Admissions: Considered

Transfers: Considered

Combined Programs: MD/BSc Med, MD/PhD

Interviews: A multiple mini interview (MMI) format is used. These take place from late February to early March. For the August, 2015 entering class there were two hundred and forty-seven (247) Manitoba residents interviewed and twenty-eight (28) other residents of Canada interviewed for a total of two hundred seventy eight (275) applicants.

Offers of Admission: Offers are e-mailed on May 18 and June 1, 2016. A \$500 non-refundable acceptance deposit is required.

Application Details: An electronic application process will be available in August 2015. The application deadline is October 1, 2015 and the fee is \$90.

Length Of Program: 4 years**Language Of Instruction:** English**Testing of Language Proficiency:** No**Computer:** Personal required

2015/16 **New Admissions Into Year One:** 100 *Up to 10% of positions may be held by out-of-province applicants and 10% of positions are reserved for applicants of Canadian Aboriginal descent.*

2015/16 First-Year Tuition:	Canadian Residents:	\$15,840	Québec Residents:	\$15,840
	Visa Students:	\$0		<i>(Québec Schools Only)</i>
	Compulsory Fees:	\$843	Foreign Students:	\$0
				<i>(Above Quota Contract)</i>

Tuition Details:

Canadian Residents: \$15,840.00 (2015-16 rate)

Compulsory Fees: \$843.04 (2015-16 rate)

Selection Factors:

The number of year one positions available for admission in the fall of 2016 is expected to be 100 which includes up to 10 positions available to Aboriginal applicants and 10 positions available to out-of province applicants.

Applicants must be a Canadian citizen or a permanent resident.

Academic Criteria:

Saskatchewan Residents (including applicants eligible to apply through the Aboriginal Equity Program):

There are two main academic requirements that must be met in order to apply as a Saskatchewan resident: MCAT and a 4-year Baccalaureate degree awarded prior to entering Medicine. MCAT scores must be obtained in one sitting prior to the application deadline. The earliest accepted scores for 2016 entry are 2012. Prerequisite courses are not required. To meet the second mandatory requirement, a 4-year Baccalaureate degree must be completed prior to entering Medicine (requirements completed by the end of April) and in < 60 months since starting university. Students may apply in the final year of that degree or once it is completed. The minimum acceptable university academic average (UAA) is 75%. All university courses completed as of the end of December following application will be used in the UAA calculation for admission purposes. Although courses completed in the calendar year following application will not be used in calculating a UAA for admission purposes, these final courses must average $\geq 75\%$. If a 4-year degree has been awarded prior to application, the UAA will be calculated on the most recent 120 CU completed, provided they were completed within a period spanning < 60 months.

Out-of-Province Residents:

There are two main academic requirements that must be met in order to apply as an out-of-province resident: MCAT and a 4-year Baccalaureate degree. MCAT scores must be obtained in one sitting prior to the application deadline. The earliest accepted scores for 2016 entry are 2012. Prerequisite courses are not required. Application by out-of-province applicants can be made only during or after the final year of a four

year degree. If a four year degree is completed prior to application, course-work for the degree must have been started within the 60 months prior to completion of the degree. If applicants are in the final year of a four year degree, a minimum of 90 credit units must have been completed in the 48 months prior to the end of August immediately before application. All courses completed at the date of application will be used for calculation of the university academic average (UAA). The minimum UAA required for application will be 83.0%. The four year degree must be completed prior to entering medicine (requirements completed by the end of April). All remaining courses complete for the degree after the date of application must minimally average 83.0%.

Special Consideration: Students of Aboriginal ancestry may make application through the Aboriginal Equity Program whereby all requirements are the same as the regular Saskatchewan resident pool but students compete within this category, not against the entire applicant pool.

Deferred Admissions: Considered (residents of Saskatchewan only)

Transfers: Not considered

Combined Programs: MD/PhD (program available only after successful admission to the MD program), MD/MBA (successful applicants to the MD program defer admission for one year to complete an MBA degree)

Interviews: The Multiple Mini Interview process is used and all interviews will take place on March 19 and 20, 2016.

Offers of Admission: Offers will be e-mailed around mid-May. A non-refundable acceptance deposit of 10% of tuition is required.

Application Details: The on-line application is available on August 4, 2015. The deadline to submit the application is October 1, 2015 at 16:00 CST. The application fee is \$125.00.

2015/16 **New Admissions Into Year One:** 162

2015/16 First-Year Tuition:	Canadian Residents:	\$12,309	Québec Residents:	\$0
	Visa Students:	\$0	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$1,298	Foreign Students:	\$0
			<i>(Above Quota Contract)</i>	

Tuition Details:

Selection Factors:

The number of year one positions available for 2014/15 was 162 which included 5 positions available to Aboriginal applicants and 10 positions available to rural applicants. At least eighty-five percent of year one positions were filled by residents of Alberta.

Canadian citizens/permanent residents may apply.

Selection for admission is based on cumulative grade point average (CGPA), Medical College Admission Test (MCAT), personal activities, reference letters and interview.

Academic Criteria:

Two years full-time university/college is required.

The minimum acceptable CGPA on a 4.0 scale is 3.3 for Alberta residents and 3.5 for non-Alberta residents with 4 or more years post-secondary study; 3.7 for students with 2 or 3 years post-secondary study (not receiving a degree). The mean CGPA of successful applicants in 2014/15 was 3.8.

The new MCAT2015 exam is required. The minimum acceptable MCAT2015 score for Alberta residents is 124 in each of the four categories: Chemical and Physical Foundations of Biological Systems; Critical Analysis and Reasoning Skills; Biological and Biochemical Foundations of Living Systems; Psychological, Social, and Biological Foundations of Behavior. The minimum MCAT2015 score for non-Alberta residents is 128 in Critical Analysis and Reasoning Skills; and 124 in each of the remaining three categories: Chemical and Physical Foundations of Biological Systems; Biological and Biochemical Foundations of Living Systems; Psychological, Social, and Biological Foundations of Behavior.

Special Consideration: Not considered

Deferred Admissions: Not considered

Transfers: Not considered

Combined Programs: MD/MBA, MD/PhD, MD (with Special Training in Research)

Interviews: Multiple Mini Interviews (MMI) take place on March 19-20, 2016. For the September, 2015 entering class there were 414 Alberta residents interviewed and 62 nonAlberta residents interviewed for a total of 476 applicants interviewed.

Offers of Admission: Applicants invited for interview will be notified of their admission decision on May 15, 2016. A \$1,000 non-refundable acceptance deposit is required. The deposit will be applied towards tuition.

Application Details: An electronic application process is available on July 2, 2015. The deadline for submitting the application is October 1, 2015. The application fee is \$75 for current and former University of Alberta undergraduates and \$125 for students new to the University of Alberta. Applicants first complete the University of Alberta general undergraduate application followed by a secondary medicine application.

Faculty of Medicine, UNIVERSITY OF BRITISH COLUMBIA
Length Of Program: 4 years

Language Of Instruction: English

Testing of Language Proficiency: No

Computer: Personal required

2015/16 **New Admissions Into Year One:** 288

2015/16 First-Year Tuition:	Canadian Residents:	\$17,066	Québec Residents:	\$0
	Visa Students:	\$0	<i>(Québec Schools Only)</i>	
	Compulsory Fees:	\$1,003	Foreign Students:	\$0
			<i>(Above Quota Contract)</i>	

Tuition Details:

Other compulsory fees for first-year were:

Vancouver Fraser Medical Program = \$1003.00,
Island Medical Program = \$0.00,
Northern Medical Program = \$0.00,
Southern Medical Program = \$0.00.

Selection Factors:

The number of year one positions available for 2015/16 is 288 which includes up to 14 positions available to Aboriginal applicants and up to 5 positions available to applicants to the MD/PhD program. A maximum of 29 positions will be available to out-of-province residents.

The 288 positions are allocated to four campuses: 192 at the Vancouver Fraser Medical Program; 32 at the Island Medical Program (in Victoria); 32 at the Northern Medical Program (in Prince George); 32 at the Southern Medical Program (in Kelowna). All positions are filled based on the same selection criteria, however, a Rural/Remote Suitability tool is also used to assign students to the Northern Medical Program and fill 10 seats at the Southern Medical Program.

Canadian citizens/permanent residents may apply.

Academic Criteria:

Three years full-time university/college is required.

The minimum acceptable grade point average is 2.8 on a 4.0 scale (visit the web-site for up-to-date information on minimum academic standing). The mean grade point average of successful applicants in 2014/15 was 3.83.

The MCAT is required and the test must have been taken within the last five years.

Prerequisite courses include English, biochemistry, biology, organic and inorganic chemistry.

Special Consideration: N/A

Deferred Admissions: Considered, but only granted in exceptional circumstances.

Transfers: Rarely granted. Considered only after completion of two years of medical studies in Canada or the United States.

Combined Programs: MD/PhD

Interviews: These take place in early-mid February, 2016. For the September, 2015 entering class there were 574 British Columbia residents interviewed and 81 other residents of Canada interviewed for a total of 655 applicants interviewed.

Offers of Admission: Offers are mailed mid-May, 2016. A \$1,000 non-refundable acceptance deposit is required.

Application Details: An electronic application process is available in early June, 2015. The deadline for receipt of the application is September 15, 2015 (interviewed applicants who are required to submit supplementary information must do so by early March, 2016). The application fees are \$115.25 for residents of British Columbia with BC transcripts only; \$148.25 for residents of British Columbia with any out-of-province transcripts; and \$170.50 for residents outside British Columbia.
